In this guide, we will only list the true path that happens as part of the true end of the game - and we will consider it as a spoiler. It is also worth noting that to complete this s-link, you need to reach Rank 6 by November 1. Rating 1: Starting with Adachi S-Linkin in order to kick off Adachi's social link, wait 13 May. Or after that date visit in June and talk to Adachi - you will be able to hang out with him. After some inane chatter that doesn't affect your s-link, you rank up to 1.Understanding Adachi's Social Link ScheduleAdachi is available on specific days across Persona 4's Golden's in-game calendar, rather than a predictable weekly schedule. And she'll talk your ear if you let her... it's so annoying. It sounds annoying. +3 Rank 2 > 3: This is the night Adachi s-link. The choices that affect your relationship are this rank: Oh, uh, sorry to use you like it. You were a great help. Why didn't you come to the real one? +2 But Dojima-san is still at work, right? Enjoy while you can. But while he's here, I don't need to talk to her, so it's a relief. I love being alone. It's simple, and it allows me to do whatever I want. Rating 7, 8, 9 and 10: As long as you reach Rank 6 by November 1, the final ranks of Adachi Social Link will progress automatically as the P4G story progresses, and will change slightly depending on which direction you take in history. If you are looking to max your friend with Adachi in Persona 4 Golden, this guide will give you all the information you need. Atlas Persona 4 Golden is a game consisting of many different systems. From RPG mechanics to your struggle with lots of choice responses to your social interactions, you're bouncing around genres so often that it can be a bit overwhelming. I wouldn't hold it against anyone that didn't realize certain NPC might disappear if you didn't end up with your social links fast enough. One such NPC is Tohru Adachi, partner of your main character's uncle, Ryouaro Dojima. If players are not diligent in visiting Adachi when he is available, they will lose out on the chance to max Jester/Hunger arcana. This may mean that all your fused Jester personnas won't be up to speed. Fortunately, Adachi is not very difficult to max if you know when to look. With this guide, you will be able to better plan when to visit in June and spend some time with this bubbling detective. You will also learn about his penchant for cabbage, which is a bit strange. Via: Shoryuken From May 13, Adachi will regularly appear in the June department store in the afternoon. He will be near the elevator lobby and players will be able to talk to him and hang out there. If you spend the afternoon studying (or visiting 30 Frame, etc.), then Adachi will be located in front of a gas station in the South Shopping District at night. His specific schedule is as follows: May 13, 20, 23, 25, 27, 30June: 5, 10, 11, 15 (Night Only), 26, 28July: 2, 4, 5, 12, 14, 24, 2August: 23, 25September: 1, 19, 20, 21, 23, 24, 27, 30October: 6, 12, 21, 24, 26November: 1 Adachi is unique so that you will only be able to reach the rank six hanging out with it. When you do that, the other four ranks will come from the progression of history later in the game. If you don't hit rank six until November 1, then you'll be unable to max Adachi's social link to your current playthrough. Another quirk of Adachi's social links is that specific ranks need to visit him at night. The rating of 0-2 can be progressed throughout the day. Going from 2-5 to happen at night. 5-6 should be during the day. The last four ranks will take place during the Persona 4 endgame. Via: DualShockers you need to hang out with Adachi many times to go to one There are specific answers you can give him that will help the process, but you can also visit the Temple of the North Shopping District and pray to progress your social connection faster. Having jester arcana persona in your inventory will also further speed up the process. You don't have to worry too much about these answers. Just spending time with Adachi every night will see you max your social link without any further planning. Just knowing when to look for it is the biggest challenge, but the whole schedule here will be that wind. The rest is only attentive to his needs.
